Our terms clearly state that any attempt to use JotForm for fraud, scamming, or spamming is prohibited and will result in account termination. Learn more at https://www.jotform.com/terms.

**Email Validation**

All outgoing emails sent from JotForm servers are verified with Sender Policy Framework (SPF) records and signed using DomainKeys Identified Mail (DKIM). If an email is sent from a JotForm email address and not by a JotForm email address, it is the domain owner's responsibility to add JotForm's servers to their SPF records.
